Do this by making a gross sales page for the new book, however don't embody a worth on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with completely different costs on each page. Be sure your sales copy is precisely the similar on every web page,

and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum value is.
