One other technique is to check out prices by making a number of duplicate gross sales pages with different costs on every page. Be sure your sales copy is strictly the identical on each web page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum worth is.

Finally, in case you've written a e-book that solves a downside or presents a new technique, your guide will herald both visitors and profits.
