Start on the highest price the market will bear to bring in the largest profits, and plan to low cost the book a variety of times throughout the year.

Advertising Methods

Then be sure to use that sentence in every piece of gross sales and promotional material, and every time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are several other methods that may help you promote more books.

One is to offer something away free of charge with your e-book, corresponding to a invaluable bonus item. Or bundle several ebooks underneath one worth, which lowers the value for every e book if they had been offered separately.

An effective technique for determining a worth is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new e-book, but don't embrace a worth on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with totally different prices on each page. Make sure your gross sales copy is exactly the identical on each web

page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum worth is.

Ultimately, should you've written a guide that solves a problem or presents a new method, your e-book will bring in both site visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your ebook solves and what the benefits of your *Peugeot Expert Hdi Haynes Manual* e book will likely be to the customers who purchase it.
