An efficient technique for determining a worth is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new ebook, but do not include a price on that page. Another strategy is to test out costs by making a variety of duplicate sales pages with different prices on every page. Be certain your gross sales copy is strictly the same on each page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. This can tell you what your optimum worth is.
